My Testimony

Chapter 9 of John's Gospel is the chapter of my life. Jesus Came into my life on 3rd September 1983 when I was like the man born blind in this chapter with out a Purpose in life, Power to do anything in life ,a Profession of life and above all a Passion of life that makes life worth living.. But when Jesus came in to my life he gave all of them

1. **The Purpose of My life:** Like the blind man who has no idea about any thing in life i.e realities of life I too do not have any idea about the realities of life till Jesus came into my life. As the blind man heard from the lips of Jesus that he was born that the works of God may be manifest in his life ,on 3rd Sep 1983 the touch of the creator and the word "go ye wash. in the pool of Siloam" came to me .Like the blind man I heard the word and obeyed and experienced the power of the word of Christ in his life .I started seeing things of life.
2. **The Power of My life:** The man experienced the greatest power of the word of Christ in his life. He got sight when he obeyed the word of Christ. In the same way ever since I accepted him as my personal savior and Lord my eyes were open and I began to see and understand the realities of life. I too began to experience the power of the word of Christ in my life .From my child hood I am a timid person and I was unable to use the full potential of my life .But now my life is becoming more and more powerful in Christ Jesus to do all things in life
3. **The Profession of My life:** When the blind man started seeing things of life people began to notice the change in him and started enquiring about how he started seeing. As the blind man started sharing his experience of getting his sight he started growing in the knowledge of Jesus Christ and by his witness he has become the proof for the deity of Lord Jesus .His contention has been, "if He is not from above that is if He is not God can he give me sight, the very fact that I am seeing is the proof that he is the true God."

This gradually made him a professional witness about the Lord Jesus Christ who he was and what He did and was doing in His life. If Jesus did not come into His life he should have died a professional beggar unknown to any one .But now he became a historical person in the history of salvation. So am I. I am creating history. People now know me as a preacher, Bible teacher, founder of the ministry "**Channels of Blessing**" and editor of the magazine "**Light from the Holy Scriptures**".

4. **The Passion of My life:** .The climax in the life of the blind man is seeing Jesus Christ as the son of God. When he started sharing his experience of Jesus he was in trouble .He was excommunicated from his community. Then Jesus came to Him and revealed Himself to him as the son of God . Immediately he put his life at His feet and started worshipping Jesus as the Lord and savior .

In the same way he came to me when I was desperately needing the vision of Jesus and revealed himself to me like he revealed himself to Phillip .From that time onwards I have also put my life at his feet and started worshipping him through His gospel by obeying the great commission of the Lord in going into the world and making disciples pressing on towards the goal to win **The prize of Life** for which God has called me heaven ward in Christ Jesus.
