

DR. KALPAVALLI'S JOURNEY

GOD WITH DR. KALPAVALLI

Dr. Kalpavalli was chosen by God to walk with Him. God pulled her out of body-healing ministry to heart-healing ministry. God showed Himself to her when she was hurting. No human touch could help Dr. Valli.

In her trials Dr. Kalpavalli turned to God sometimes, and turned away from God at other times. But, our ever-faithful God never left her; He did not let go of her to this world. Our God guided her. God spoke to her as she cried out to the Lord.

God opened Dr. Valli's heart in 2005. God spoke to Dr. Valli personally 1-on-1. Since then she sees how special she is in God's sight. She sees how gracious our God is and has been to her in all her crisis situations.

Dr. Valli's forefathers were non-Christians. Dr. Valli got her Lutheran style from her Dad, Baptist style from her Mom, CSI style from her husband. She herself was baptized as a child of God. She trusts our God of Abundance to give her everything in abundance. She now sees completely that our Almighty God has a special purpose for her life.

Today, she is walking straight with the Lord. She is a virtuous wife. She is a blessed Mom of two boys. She works as Social Committee Chairperson at CSI Wesley Church. Dr. Valli is an excellent team player in Women's Bible Study. God's love is seen through her in her kind and encouraging words with all children, all teens and all adults. As she waits to receive her unique life-purpose from God, she is requesting everyone to pray for her spiritual upliftment. In obedience to God's Word, Dr. Valli is seeking the Lord, and she is sure to find special calling from the Lord. We know she is in the pathway to discover God's special purpose. We see God's hand in her journey. May God bless her to be a blessing to many more.
